Shine Team

The real estate market in Central Texas is as diverse as the natural beauty of the landscape. Whether you are buying or selling a Texas home for the first time or you are experienced in homeownership, it is important to surround yourself with professionals.

Jean Shine spoke regarding the overall market in the Central Texas area. Scott Shine brought club members lots of statistical information that gave a good picture of the market and demographics of Central Texas and the expected economic future of the area.

Texas Gear Up

Club Youth Director Angenet Wilkerson spoke to the club members regarding Gear Up, a new program in Region 12. GEAR UP is all about helping Texas students get ready to be successful in college—and way beyond. It's a program that exists entirely to make a student's journey to college as smooth as possible.

Basically, think of GEAR UP as a huge extra boost on the way to making the rest of a student's life seriously awesome. ESC Region 12 College Link is working to create a culture that fosters motivated administrators and qualified teachers working collaboratively in high-performing learning communities to enhance academic preparation and performance for all learners. Focusing on math and science, the College Link enlists the expertise of subject specialists to travel from district to district, implementing mentoring and modeling days to engage students and introduce

educators to new technologies. The project also invests in community outreach, targeting such groups as the Exchange Club enlisting the aid of local organizations to raise GEAR UP awareness even further. Check the website for more information <http://www.texasgearup.com/>
